

## CONTENT

---

### Underground mining

<b>Kaplunov D.R., Jukov V.A.</b> Mine production rate influence on the rational ratio of the individual methods of mining with combined geotechnology .....	5
<b>Kochetkov O.S., Kopeikin V.A., Yashinkina A.A., Zemlyansky V.N., Melkonyan R.G.</b> Development of scientific V.I. Vernadsky's heritage at the north underground stores development with of environment protection requirements .....	14
<b>Kononenko E.A., Agarkov Ya.V.</b> Justification of the principles of development of a site of Arshanovsky-1 of the Beysky coal field .....	22
<b>Fedorin V.A., Varfolomeev E.L.</b> Geotechnological substantiation development extracts panels-chamber of thick sloping seam.....	29

### Open-cast

<b>Galavetdinov V.Z., Davydenko B.Y., Eremin V.V.</b> The feasibility of using the discharge-pulse technology in the regeneration of sheet piling .....	34
<b>Goryachev V.I., Zuzin B.F., Kazichev I.N.</b> Combination technology of lump fuel production out of milled peat .....	39
<b>Kazikaev D.M.</b> Effective solutions to the problems of development of diamond deposits in Yakutia .....	45
<b>Bykadorov A.I., Larichkin P.M., Svirko S.V.</b> Geotechnical aspects of design and mining coal deposits with combined (opencast and underground) method .....	49
<b>Zyuzin B.F., Yakonovskaya T.B., Guseva A.M., Oganesyan A.S., Yakonovskii P.A.</b> Current trends in retrofit installation in view of advance in peat digging .....	67
<b>Romanov V.V., Mal'skiy K.S.</b> Analysis of possibilities to study the hydrogeological regime of open pits and underground mining engineering seismic.....	74

### Enrichment of minerals

<b>Barnov N.G., Melnikov E.P.</b> Genetic Classification of Gem Corundum Deposits.....	79
<b>Nikolaev A.A., So Tu, Goryachev B.E.</b> Flotometric analysis of kinetic mechanisms of non-activated sphalerite flotation with blends of sulfhydryl collectors.....	86
<b>Samoilov V.I., Saduakassova A.T.</b> Hydromineral uranium-containing raw materials .....	96
<b>Tereshchenko S.V., Marchevskaya V.V., Chernousenko E.V., Rukhlenko E.D., Pavlishina D.N.</b> Priority investigations on mineral raw material processing.....	105

### Measuring, control, diagnostic

<b>Sokolov K.O.</b> The study of the possibility of gpr geomechanical properties of rock mass .....	113
<b>Smirnov A.V.</b> Stress-strain state of rock mass in the vicinity of working with combined support.....	116
<b>Novikov E.A., Shkuratnik V.L., Oshkin R.O.</b> Regularities of acoustic emission in limestone samples during their freezing and thawing as a function of the static mechanical loading and moisture content .....	121

## **Mining cars, the equipment and transport**

<b>Gabov V.V., Zadkov D.A., Lykov Yu.V., Kustrikov E.V.</b> Coal and potassium salt cutting process with a single mining machines cutter study stands .....	128
<b>Stepanenko V.P., Sorin L.N.</b> The efficiency of underground locomotive haulage with hybrid energy storage.....	135
<b>Stepanenko V.P.</b> Electric haul uranium mines of Soviet-German joint-stock company Wismut.....	141
<b>Busygina A.M.</b> Kinematic analysis of the mechanism of the drive of the bucket wheel front loader with two degrees of freedom analytical method .....	151
<b>Romanov V.A., Nizhnikov S.A.</b> Safe and economical ventilation drainage installations of liquidated mines .....	158
<b>Timukhin S.A., Molchanov M.V., Dolgikh D.S.</b> The method of pressure loss indirect detection in turbine setting of design turbomachine.....	164
<b>Zubov V.V., Khazin M.L.</b> Increase of wear resistance of the hard-alloy boring tool .....	168
<b>Kaverina A.S., Mineev A.V.</b> The problem of cavitation in the hydraulic drive self-propelled machines and the ways of its reduction .....	171
<b>Volkov E.B., Lyaptsev S.A., Potapov V.Ya.</b> The angular position working surface of vibrating screen .....	177
<b>Bardovskiy A.D., Bibikov P.Ya., Verzhanskiy P.M., Voronin B.V.</b> Dry vibrogrokhemy's efficiency of waste of nonmetallic pits on sifting surfaces of the various design.....	182
<b>Dmitrieva V.V., Quang Play</b> Maintaining the magnitude of the traction factor of belt conveyor with twin-engine drive	189

## **Automation and information systems**

<b>Zakharov V.N., Kubrin S.S., Zaburdaev V.S.</b> Integration of process steps and operations in a single process on the information technologies basis .....	199
---	-----

## **Economics and management**

<b>Fedorova N.V., Chibinev K.N., Shmatko M.E., Shcheglov Yu.V.</b> Management system energy consumption based high school .....	206
<b>Isachenkov A.B.</b> Parameter optimization technology development overburden excavator Bucyrus 495HD in the «Tugnuysky» coal mine .....	211
<b>Petrakova N.G., Sorokina L.N., Babilaev N.A.</b> Extrabudgetary funds in the modern economy of Russia.....	216
<b>Anopchenko T.Yu., Chernyshev M.A.</b> Assessment of risks of investment policy in agglomeration creation «Big Rostov».....	224
<b>Shulyat'eva L.I.</b> A systematic approach to the assessment of investment attractiveness of the mining complex coal deposits .....	231
<b>Khegai Lyudmila</b> Technical regulation in the area of solid mineral fuels in the Republic of Kazakhstan .....	239
<b>Odayev D.G., Kosolapov A.I., Malofeev D.E.</b> Assessment of management capabilities of stage open-mining from the perspective of cargo work at group fields .....	246

## **Technology**

<b>Rimkevich V.S., Pushkin A.A., Churushova O.V.</b> Complex processing of coal ash of TEC .....	250
<b>Popova G.G., Panyushkin V.T., Severin K.E., Borisaiko Ya.Yu.</b> Analysis of distribution of nickel- and vanadium-bearing natural emulsifiers in oil sludge.....	260
<b>Tsygankov D.A.</b> The basic geometrical parameters of fractures formed with the application of plastic fluids.....	267

## **Electrification**

<b>Petrov G.M., Kuteпов A.G.</b> Analysis of the earthing system TN when operating of electric networks of processing plants .....	272
--	-----

## **Explosive works**

<b>Palankoev I.M.</b> Particular qualities of blasting in shafts, constructed by method of ground freezing .....	281
--	-----

## **Geodynamics**

<b>Lan Tianwei, Zhang Hongwei, Li Sheng, Han Jun, Song Weihua, Tang Guoshui, Batugina I.M., Yu Lijiang</b> Research on rockburst system energy of coal mine.....	287
--	-----

## **Geology**

<b>Nikulin I.I.</b> The feedback of iron-rich ores with the metamorphic rocks (BIF) of the Kursk magnetic anomaly .....	294
---	-----

## **Geochemistry**

<b>Fertikov A.I., Baksheeva I.I., Burdakova E.A., Plotnikova A.A.</b> Modification thermomagnetic geochemical methods DUE magnetic colloidal processing of samples .....	300
--	-----

## **Mathematical and computer modeling**

<b>Rozhkov A.A., Karpenko M.S.</b> Economic and mathematical models and algorithms to optimize financial costs in the management of energy-saving innovations in mining and industry .....	307
--	-----

<b>Sherstov S.V.</b> A decision of the differential equations of the motion in displacement for harmonic waves in outer of the cylindrical cavity in an anisotropic elastic medium ....	314
---	-----

<b>Taskin V.V., Sidorov M.D., Palamar S.V.</b> The comparative analysis of tectonic break model with MT sounding results .....	321
--	-----

<b>Plotnikov F.V., Ponomarchuk P.A., Trushnikov V.E.</b> Natural gas field modelling as a system with spatially distributed parameteres.....	326
--	-----

<b>Krapivsky E.I., Minnegulova G.S., Minnegulova G.S.</b> The features of thermohydraulic calculation of underground low temperature pipelines of mixture of liquefied hydrocarbons.....	332
--	-----

## **Boring technologies**

<b>Kovalyov A.V., Ryabchikov S.Ya., Verevkin A.V., Isaev E.D., Aliev F.R.</b>	
Estimation of pellet optimal technological portion during pellet impact drilling .....	339
<b>Kovalyov A.V., Ryabchikov S.Ya., Gorbenko V.M. , Isaev E.D., Aliev F.R.</b>	
Experimental studies of technological parameters influence on well diameter during pellet impact drilling.....	346

## **Works of young scientists**

<b>Gapchich A.O.</b> Using ditiazin collector class for gold-bearing ore flotation .....	353
<b>Leusheva E.L.</b> Hard rock drilling efficiency.....	361
<b>Sazankova E.S.</b> Physical and mechanical properties of synthetic fibers used in the manufacture of cord fabric for textile conveyor belts .....	385
<b>Ozmidov I.O.</b> Data component of mineral resource quality management in current circumstances.....	396
<b>Timasheva E.N.</b> Optimized operation of pneumatic drier.....	400
<b>Sentyabov S.V.</b> Performance evaluation of combined fixing the mine .....	406
<b>Kurmazova N.A.</b> Calculate the intensity of dust emission in a coal bin cut «Vostochny» Transbaikal region .....	413

## **Preprints**

<b>Andreev A.V., Belov A.V., Vidomenko V.V. and other</b> Development for georesources in the asia-pacific region .....	13
<b>Artamonov E.G., Agoshkov A.I., Bespyatov A.B. and other</b> Problems of georesource development of the far east. Issue 6 .....	176
<b>Pershina A.V., Romashev A.O.</b> The intensification of the process hydrocycloning iron-ore pulp .....	299
<b>Baranov V.A., Skourtos I.A., Shipilov A.G.</b> Architecture and construction of the Far East .....	418
<b>Kaplunov D.R., Rylnikova M.V., Radchenko D.N.</b> Terms of stable functioning mineral feed complex of Russia. Number 3 .....	419
