

CONTENT

Technical science

<i>Batalov A.P., Korolev I.A.</i> Processing of cylindrical surfaces's measurement results with separation of deviations of form and position	5
<i>Gerieva L.B., Karpovich E.E.</i> Rationale for choosing heat transfer liquid for artificial ground freezing	16
<i>Dmitriev V.G., Cherednik P.N.</i> Softwar package for tractive calculation and analysis of the starting and braking modes of belt conveyors	25
<i>Kilin Yu.A., Konstantinov A.V.</i> Enhancing capacity of walking excavators in terms of Nazarovsky open pit mine	36
<i>Leschinsky A.V., Shevkun E.B., Komkov V.G.</i> Laboratory stand for research design tamping blast	43
<i>Lozovskaya Ya.N., Vykhodtseva G.P., Grabskaya E.P.</i> Economic efficiency of application of the market focused cost management system of the mountain enterprise.....	51
<i>Mikhaylov A.V., Taranov A.G.</i> Peat excavation by grapple fork.....	60
<i>Nifontov A.I., Kushnerov Yu.P., Chernikova O.P.</i> Development of a system of awarding bonuses to employees of the mining sites, coal mines	70
<i>Pavlov M.M., Chibinev N.N., Chibinev K.N., Yants A.I.</i> Solid katredzhyblowing agents for putting underground fire.....	82
<i>Pleskunov I.V., Syrkov A.G., Vinogradova A.A.</i> The use of achievements of nanotribology and nanostructured surface passivation for control of lubricant properties and protection of metallic equipment of mining-chemical industries.....	86
<i>Samigullin G.Kh., Lyagova A.A.</i> Methods risk assessment crack-like defects in the metal structures.....	99
<i>Sergeeva N.V.</i> The influence of design parameters of a belt tube conveyor on its power consumption	107
<i>Trofimov V.A., Malinnikova O.N., Filippov Yu.A.</i> Stratification assessment of roof rocks at coal seam mining.....	119
<i>Fokin A.S.</i> Tests of oiling ability of greasing	127
<i>Yurchenko V.M.</i> On the problem of fire safety belt conveyors.....	134

Earth sciences

<i>Aksenov V.V., Khoreshok A.A., Ananiev K.A., Ermakov A.N.</i> Application of simulation methods for determining the parameters of out of cross section executive bodies of geokhod	145
<i>Arkhipov A.V., Zemtsovskaya E.V.</i> Advantages of forming rock dumps with low height of level.....	153
<i>Bashkov V.I., Eremenko A.A., Mashukov I.V.</i> Estimate of seismic effect of production blasting on built structures in the area of tashtagol mine	160
<i>Vorobyova S.V.</i> Reflexions about kimberlite and to associated rosks accompanying them	172
<i>Gusev A.V., Pechenkin M.M., Talovina I.V.</i> Block structure of the North Onega synclinorium Fennoscandian shield according to complex geological-geophysical data.....	188
<i>Kolotyryn K.P.</i> Ecological and economic risks in the waste management and ways to reduce them	195
<i>Komogortsev B.V., Varenichev A.A.</i> The problems of processing poor and insistent gold-bearing ores	204
<i>Kutuzov B.N., Eguest B.V.</i> Effects of explosions using not electric initiation system	219
<i>Lebedev I.F., Gavril'ev D.M.</i> Research possibility of pneumatic enrichment of diamond raw materials in the screw separator	225
<i>Mukharev A.A., Kubrin S.S.</i> Questions detailed exploration of solid minerals and surveying its support on the Arctic shelf.....	231
<i>Nikiforova V.S., Vorontsova N.I., Duryagina A.M., Talovina I.V.</i> Vein rocks of the svetloborsky massif and their petrochemical characteristics	236
<i>Nikiforova V.S., Duryagina A.M., Telegin Yu. M., Talovina I.V.</i> Rare elements in veined rocks of the Svetloborsky dunite-clinopyroxenite massif of the Platinum belt of the Urals	244
<i>Oganesyan N.K., Agafonov V.V., Yutyayev A.E., Belyaev V.V.</i> Комплексная оптимизация структурных элементов технологических схем угольных шахт	253
<i>Prilukov A.N.</i> Mineral resources management concept as market reincarnation of traditional russian professional attitude toward exploitation and mining operations	260

Rudenko V.V., Galiulin I.M. Multicriterion model of optimized monitoring method selection for Tuimazinsky oil field	275
Silyutin S.A., Shpirt M.Ya., Lavrinenko A.A. Basis of classification of solid fossil fuels and products of their processing as a raw material for production of concentrates potentially valuable microelements	284
Terentyev V.B. Determining tolerance time of interbed cap pillars for the conditions of contiguous bedding of sylvinite seams of Usolskiy potash plant.....	295
Turtygina N.A., Karachok S.A., Kolesnev V.V., Babaev R.E. Optimal parameter choice of punch method this increased parameters of mining.....	309
Turtygina N.A., Miroschnikova L.K., Volkov N.A., Karpenko I.O. The prospective forecasting method and research Norilsk deposits formed in order to control the quality of the extracted ores.....	313
Kholodilov A.N., Gospodarikov A.P. Methodology of the assessment of seismic safety of explosions executed in underground mines near heapsteds.....	320
Chernykh N.G. Way of complex development of a subsoil of Earth of the coal basin (Kuzbass)	329
Shpakov P.S., Mirnyy I.Ya., Dolgonosov V.N., Starostina O.V. Evaluation stability parameter internal dumps on time-reza «Hercules»	345

Works of young scientist

Dushan Terpak Sublevel stoping in magnesite mine in Slovakia	357
Zhuravlev E.I. The adaptation of neural network technology in predicting the state of the risk of geodynamic phenomena in mines	361
Kirgintseva Yu.L., Kalashnikov K.A., Tsilliakus K.S., Shubrik A.S. The main directions of development of the mining enterprises of Norilsk industrial region	369
Murzin M.A. Mining enterprises as a source of ecological risks.....	374
Savin K.S. Methodological basis for the development of innovative nature when solving problems prevent negative impacts from forest and peat fires	384
Tashani N.A. Sale multi-agent system quality control study abroad (MAS CQS) technology expert systems	397

<i>Trokhlyuk T.N.</i> Changes of nature in Polesya zone of Ukraine.....	407
<i>Tsvetkov I.V., Bolshakov M.A., Korolev I.O.</i> The effect of drying processes of raw materials for briquetting on ASH.....	415

Special editions GIAB

<i>Kolbikova E. S., Ponomarev D.A.</i> Challenges and trends of the Russian export policy in the context of the changing balance of global demand for gas	98
<i>Brylyakov E. Yu., Kostrov M.A., Zubov V.P. and other</i> The combined processes of processing of mineral raw materials: theory and practice	126
<i>Viktorov S.D., Zakalinsky V.M., Dandies A.E., Efremovtsev N.N.</i> The methodology of explosive destruction in the development of deposits of strategic and rare earth minerals	203
<i>Tonkih A.I., Andreev V.A., Belov A.V. and other</i> Technology development of hydrocarbon and mineral resources	218
<i>Team of authors</i> Oil and gas	274
<i>Team of authors</i> Open-cast mining in the XXI century	308
<i>Versilov S.O., Ignatov V.N., Ignatov M.V. and other</i> Principles in the design and creation of technical devices and technologies for the development of ore deposits	396
<i>Vissarionov V.M., Vylil A.S., Mazurov N.A., Shepilov S.V.</i> Some aspects of safe operation of equipment in the industry of boiler inspection	406
<i>Gayazov R.R., Sremski Yu.A., Kadyshhev V.S. and other</i> Some aspects of the evaluation of life of equipment in petrochemical industry	422

The deposited manuscripts

<i>Volkov S. S.</i> Prospects of development of the Primorsky krai, taking into account innovative solutions in the field of coal mining	133
<i>Volkov S. S.</i> The main innovations in a coal mining in the period up to 2020 in the Khabarovsk krai	294
