

CONTENT

Geotechnology (underground, open and construction)

<i>Kurlenya M.V., Mirenkov V.E.</i> Influence of rock mass stress state on propagation direction of hydraulic fractures	5
<i>Kubrin S.S., Reshetnyak S.N., Bondarenko A.M.</i> Production data analysis in longwall in Polysaevskaya mine of SUEK-Kuzbass	14
<i>Kuznetsov D.V.</i> Justification of parameters for haulage benches in open pit ore mining	22
<i>Kulikova E.Yu.</i> Improvement of corrosion protection of tunnel lining.....	30
<i>Sidorova G.P., Yakimov A.A., Ovcharenko N.V., Pozdnyakov P.Yu.</i> Integrated development prospects for Pogranichnoe brown coal deposit in Transbaikalia.....	36

Mine aerogasdynamics

<i>Pavlenko M.V., Skopintseva O.V.</i> Role of capillary forces in vibratory action on hydraulically treated gas-saturated coal	43
---	----

Mining geophysics

<i>Basov V.V.</i> Evaluation procedure of conformance between numerical modeling and in-situ measurement data on geomechanical parameters of rock mass near intersections in mines	51
<i>Molev M.D., Armeiskov V.N., Golodov M.A.</i> Geophysical prediction of environmental safety in coal mining regions using complex criteria.....	63
<i>Khachay O.A., Dryagin V.V., Khachay O.Yu.</i> Modeling and use of phase diagrams in the analysis of active acoustic monitoring data on oil wells.....	75
<i>Lebedev M.O.</i> Safety provision in the construction of a two-track subway tunnel in quaternary deposits.....	88

Geomechanics

<i>Protosenya A.G., Kutepov Yu.Yu.</i> Stability estimation of hydraulic fills in undermined areas	97
--	----

Rock failure

<i>Viktorov S.D., Zakalinsky V.M., Shipovskiy I.E., Mingazov R.Ya.</i> Concept of synergetic interaction between rock breakage and geomechanics processes in mineral mining.....	113
<i>Subbotin Yu.V., Oveshnikova Yu.M., Avdeev P.B.</i> Preparation of frozen rocks for excavation in placer mining in Transbaikal region.....	125

Mining industrial geology

<i>Ignatiev N.N.</i> Implementation of non-core drilling for operational exploration in the Olon-Shibirskoe coalfield and evaluation of coal ash content.....	134
<i>Petrochenkov D.A.</i> Ammonites and septaries of Atatao deposit, Madagascar: features of gemology and production	142
<i>Petrochenkov D.A.</i> Interior decoration and jewelery quality ammonites in the Nizhny Novgorod region: gemology and production prospects.....	151

Mining machinery and equipment

Galkin V.I. Assessment of conveyor belt monitoring systems in mining	166
Zemskov A.N., Overin A.A., Bekher A.V. Second life for aerial ropeways in mining in Russia and in Central Asia	175
Averin E.A. Abrasiveness of rocks as an essential parameter in assessment of application risk of heading machines	184
Nabatnikov Yu.F., Ngo Van Tuan Hydraulic legs of powered roof support: accuracy of manufacturing, level of quality, lifetime and their control technology	192

Enrichment of minerals

Lavrinenko A.A., Golberg G.Yu., Lusinyan O.G., Kuznetsova I.N. Flowchart for pneumatic preparation of high ash coal grade D	199
Erdenezul Jargalsaikhan, Morozov V.V. Optimization of reagent modes in copper-molybdenum ore flotation using economy-oriented criteria	210

Special editions GIAB

Beklemishev A.M., Budyukov Yu.A. Improving efficiency of drilling with hydraulic transport of the core on basis of reducing energy consumption at well bottom and electric drive of drilling rigs	73
Team of autors Kamchatka-7	191
Pankratenko A.N., Groshikov S.N., Khusnullin M.Sh., etc. Comparative analysis of construction efficiency of single-track and double-track subway tunnels of the metro in conjunction with station complexes	231

The deposited manuscripts

Shaynurov E.B., Petrov G.M. The use of single-phase transformers for lighting in underground mine workings	42
Shvakin I.M., Petrov G.M. A case analysis the human touch the emergency equipment in the system TN-C in the steady state electric network with voltage up to 1 kV a career «Isaevka»	112
