

# CONTENT

## **Geotechnology (underground, open and construction)**

<i>Aynbinder I.I., Kaplunov D.R.</i> Risk-based approach to selection of deep-level mining technology.....	5
<i>Efimov V.I., Abramkin N.I., Stas P.P.</i> Steep coal seam mining.....	20
<i>Kopylov K.N., Kubrin S.S., Zakorshmenniy I.M.</i> Modeling of cutter-loader control in high production longwalls.....	30

## **Rock failure**

<i>Leschinsky A.V., Shevkun E.B., Lysak Yu.A.</i> Control of iron ore fragmentation by blasting—way of improvement of processing efficiency .....	41
<i>Tyupin V.N., Anisimov V.N.</i> Methods of stability retention of exposed rock surfaces in fractured rock mass under large-scale blasting.....	53

## **Geomechanics**

<i>Sergunin M.P., Eremenko V.A.</i> Determining parameters of original stress field in rock mass in Zapolyarny mine.....	63
<i>Alekseev A.V., Iovlev G.A.</i> Adjustment of hardening soil model to engineering geological conditions of Saint-Petersburg .....	75

## **Geocology of mining industry**

<i>Galanina T.V., Baumgarten M.I., Koroleva T.G.</i> Ecological-and-economic modeling of anthropogenic impact on the environment and health in mining regions .....	88
<i>Golubev D.A., Krupskaya L.T., Gul' L.P., Filatova M.Yu.</i> Carbon budget assessment in reclaimed lands in the Far East Federal District.....	98

## **Mining industrial geology**

<i>Kutepov Yu.I., Kutepova N.A., Vasil'eva A.D.</i> External dump stability substantiation and monitoring in Kuzbass.....	109
---	-----

## **Mining geophysics**

<i>Zhukov A.A., Prigara A.M., Tsarev R.I., Shustkina I.Yu.</i> Method of mine seismic survey for studying geological structure features of Verkhnekamskoye salt deposit .....	121
<i>Riabova S.A.</i> Geomagnetic effect of the strong 2011 Tohoku earthquake .....	137

## **Mining machinery and equipment**

<i>Kantovich L.I., Litvin O.I., Khoreshok A.A., Tyuleneva E.A.</i> Hydraulic excavators in coal-rich zones of open pit mines in Kuzbass: Experience and prospects.....	152
--	-----

## **Enrichment of minerals**

<i>Bubnova T.P., Barnov N.G., Gorbunova E.V., Chertov A.N.</i> Material constitution characteristics governing processibility of corundum ore .....	162
<i>Kozlov V.A., Novak V.I.</i> Optimizing coal preparation plant performance towards maximum concentrate yield.....	175

## **Theoretical bases of designing of mining-technical systems**

<i>Sekisov G.V., Cheban A.Yu., Sobolev A.A., Yakimov A.A.</i> Grading system for integrated assessment of mining technologies.....	187
--	-----

## **Production organization and management in mining**

<i>Yeralin Zh.M., Goncharenko S.N.</i> Models for solving key problems of strategic development of uranium mines.....	199
---	-----

## **Labor protection in mining**

<i>Korobova O.S., Mikhina T.V.</i> Comparative analysis of programs for the improvement of working conditions and safety in coal mining regions .....	209
---	-----

## **Special editions GIAB**

<i>Team of authors</i> Underground coal mining of the XXI century-1 .....	19
<i>Teterev N.A., Ermolaev A.I., Kuznetsov A.M.</i> Sulphide dust explosions.....	29
<i>Team of authors</i> Development of regional coal mining enterprises: results, analysis, understanding, generalization .....	151
<i>Vorob'eva O.V., Kosterenko V.N., Timchenko A.N.</i> Analysis of the causes of the explosions with the aim of increasing the effectiveness of the system of occupational safety management of coal enterprises .....	161
<i>Team of authors</i> Underground coal mining of the XXI century-2 .....	198

## **The deposited manuscripts**

<i>Fomenko N.A.</i> The use of brown coal to improve environmental safety of disposal of bottom ash waste in terms of their contact with water.....	62
<i>Dmitrieva V.V., Meitis S.V.</i> Simulation of multi-motor electric drive.....	87
<i>Androsov A.D., Petrova L.V., Sivceva A.I.</i> Applicability of underground mining for improvement of technology of diamond quarries.....	136
