

## CONTENT

### **Mining industrial geology, Mining geophysics**

<i>Shkuratnik V.L., Nikolenko P.V., Anufrenkova P.S.</i> Kaiser effect performance in anthracite as an indicator of the rock resistance to cryo-thermal treatment.....	5
<i>Ilalova R.K., Duryagina A.M., Ageev A.S.</i> Minerogenesis sequence and processes in weathering mantle of ultrabasic rocks of the Serov–Mauk ophiolite belt (Northern Urals).....	13
<i>Voznesenskii A.S., Krasilov M.N., Ya.O. Kutkin, Tyutcheva A.O.</i> The effects of dolomite-gypsum bonded interfaces on acoustic properties and damage of rock under cyclic bending loads.....	27
<i>Sanfirov I.A., Babkin A.I., Yaroslavtsev A.G.</i> Prospects for studies into transversal waves in salt rock mines.....	45

### **Geotechnology**

<i>Golubev D.D.</i> Using pillar-free mining technologies in gently dipping and self-ignitable coal seams.....	64
--	----

### **Mining machinery**

<i>Bochkov V.S., Dyagilev S.D.</i> Analysis of one-stage and two-stage crushing of shale in jaw crusher ShchD 10M for manufacture of terrazzo tiles.....	78
<i>Perekutnev V.E., Zotov V.V.</i> Comparative assessment of rubber steel cables for vertical mine hoists.....	85

### **Geomechanics, Rock failure**

<i>Zhabin A.B., Lavit I.M., Polyakov A.V., Kerimov Z.E.</i> Mathematical model of piston-tool interaction in rock fracture by impact.....	94
<i>Pleshko M.S., Nasonov A.A., Dymnikova O.V., Ryabova N.V.</i> Overall safety of recovery and reconstruction of mine shafts.....	104
<i>Toksarov V.N., Morozov I.A., Beltyukov N.L., Udartsev A.A.</i> Deformation of underground excavations under conditions of the Gremyachinsk potassium salt deposit.....	113
<i>Shibaev I.A., Vinnikov V.A., Stepanov G.D.</i> Determining elastic properties of sedimentary strata in terms of limestone samples by laser ultrasonics.....	125

### **Geocology**

<i>Kulikova A.A., Sergeeva Yu.A., Ovchinnikova T.I., Khabarova E.I.</i> Formation of mine water composition and analysis of treatment methods.....	135
--	-----

### **Safety in emergency**

<i>Kulikova E.Yu., Vinogradova O.V.</i> Risks as a cause of industrial safety inhibition in underground construction.....	146
---	-----

### **Production organization and management in mining**

<i>Prokopenko S.A., Gritskevich T.I., Ravochkin N.N., Dyagileva A.V.</i> The essence of the intelligent and innovation potential of a mining engineer.....	155
--	-----

### **Special editions MIAB**

<i>Turbor I.A., Turuk Yu.V., Shurygin D.N.</i> Justification and development of a scheme for moving sections of mechanized support in the conditions of mining layers with unstable roofs .....	44
<i>Fedorov A.S., Kazakov Yu.A., Fadeev D.V.</i> Parameters of the screw press mouthpiece taking into account the requirements for peat molded products .....	93

### **The deposited manuscripts**

<i>Karpenko S.M., Bezginov G.Yu.</i> Tools for software and analytical management of power consumption at mining enterprises .....	103
<i>Babokin G.I., Dubonosov S.V.</i> Improving energy efficiency of a ball mill in technological scheme of ore preparation .....	145
