CONTENT

Technical science

Tsukerman V.A., ***Goryachevskaya E.S.*** Management of innovation and technological development of mining and processing enterprises Arctic Zone of the Russian Federation..... 5
Akhmadiev G.M. Eco-geo-physical aspects of estimation and prediction of geological medium state 14
Belyakov N.N. Evaluation of the boundaries of quarries for reduction of financial risk.....22
Volegzhanin I.A., ***Makarov V.N.***, ***Kholodnikov Yu.V.*** Additive technology use of composites mining machinery production.....32
Galiev Zh.K., ***Agafonov V.V.***, ***Galieva N.V.*** Some Aspects of Methodology of Scientific Research in Magistracy.....39
Gorelova A.Yu., ***Kristal M.G.*** Vibration damper for hydraulic prop barrel manufacturing instrument 50
Korolev I.A., ***Timofeev I.P.*** Parameter's optimization of walking machine for development of seabed resources.....60
Kosterenko V.N., ***Vorob'eva O.V.*** Analysis of causes of rock falls to enhance labor safety control efficiency in coal mines 74
Manevich A.I., ***Makarov V.A.***, ***Pashchenkov P.N.*** Perspectives of mathematical modeling as part of geomechanical monitoring of the mines to increase efficiency management gassing.....91
Popov M.E., ***Popov A.M.***, ***Al-Juburi O.*** Improving accuracy of parts manufacturing by cold pressing 101
Popov M.E., ***Khashash O.***, ***Morgunov D.Yu.*** Vibro-percussion and vibro-wave methods for reinforcement and stabilizing treatment of mining machine parts 107
Rimkevich V.S., ***Pushkin A.A.***, ***Girenko I.V.*** Complex processing of anorthosites by fluorine-ammonium method 113
Skufina T.P. Economics and mining production of the Murmansk region in conditions of developing crisis 125
Solodenko A.B., ***Aguzarov G.V.*** Centrifugal oil purification.....137
Stepanenko V.P. Renewable sources and storage units of energy in self-contained power supply systems 143
Stepanenko V.P., ***Mal'shakov I.N.*** Prospects for supercapacitors and renewable energy sources in mining industry.....153
Timoshenko Yu.N., ***Ivanov G.N.*** Information of mining equipment maintenance.....164
Travin A.A. Control of machine vibration in casing pipe manufacture 172

Frolov D.L., ***Bondarenko I.S.***, ***Frolova A.Yu.*** Optimization of choice of electrical equipment in design industrial facilities..... 177
Khazheeva Z.I. Current chemical composition of water in the Modonkul river 183
Cheskidov V.V., ***Kurenkov D.S.***, ***Manevich A.I.*** Modern methods and means of effective control in mines toward ecological and industrial safety..... 188
Shvedov D.I. Parsing and matching of data for on-line analysis of dynamic situations 200
Yastrebinskiy M.A., ***Kotlyarov A.A.*** Management of assessment of intellectual property items (IPI) at the coal enterprises 205

Earth sciences

Balovtsev S.V., ***Shevchuk R.V.*** Geomechanical safety in construction and operation of underground structures 213
Gladyr A.V. Integration of microseismic and geoacoustic data of geomechanical monitoring..... 220
Shashenko A.N., ***Khozyaykina N.V.***, ***Smirnov A.V.*** Justification of the required width of bearing blocks at the development workings reuse in coal mines 235
Gospodarikov A.P., ***Nguyen Chi Thanh*** Some approaches determine the stress state of the lining of underground tunnels of hanoi taking into account the influence of seismic waves of earthquakes..... 244
Garaeva T.D., ***Novruzov Z.A.***, ***Bagirova A.A.*** Geodynamics of the Azerbaijani part of Lesser Caucasus according to paleomagnetic data 253
Zemtsov A.A., ***Kukushkina N.S.*** Practice of recognition and measurement for asset retirement obligations associate with decommissioning and reclamation of disturbed lands in coal mining companies, Russian and international experience 264
Ilalova R.K., ***Talovina I.V.*** Characteristic of dyke complex of vein rocks and its influence on nickel mineralization in Triassic-Jurassic nickel weathering crusts of ultrabasic massifs in the North Urals (Serov area) 283
Kobylkin A.S. Distribution of different-dispersion dust in mine workings depending on dust release source location..... 291
Kuznetsova I.N., ***Lavrinenko A.A.***, ***Chikhladze V.V.*** Influence of a method of crushing on selectivity of enrichment of zinc-lead ore 303
Lyashenko V.I., ***Kislyy P.A.*** Justification seismic safety technologies destruction massif slozhnostruk-tural fields 314
Svyatetskiy V.S., ***Kuz'min E.V.***, ***Kalakutskiy A.V. etc.*** Strength of paste backfill made of uranium mill tailings at Priargunsky Mining and Chemical Works..... 333

Svyatetskiy V.S., ***Kuz'min E.V.***, ***Kalakutskiy A.V. etc.*** Effect of grinding coarseness of uranium mill tailings on radon emanation and strength of paste backfill 342
Timofeeva S.S., ***Lugovtsova N.Yu.*** Analysis of environmental status of mining industry in Kuzbass 350
Shvalev Yu.B., ***Ezhov A.M.*** Electromagnetic separation of iron ore at Bakchar deposit 362
Yakubov S.I., ***Sidorova I.P.***, ***Raimzhanov B.R.*** Studies of landslide phenomena – one of the challenges of Angren Open Pit Mine 370

Works of young scientist

Afanas'ev L.L. Strategy of innovative development of underground space for ecological improvement of megacities 376
Bobrov D.A., ***Zorin I.A.*** Designing a mobile application to generate a to-do list with geolocation 382
Levchenko R.V., ***Vasil'ev A.A.***, ***Morochko Ya.D.***, ***Naumenko O.M.*** 3D-modeling of stone products using modern software 391
Petrykina A.A. Designing software formation landscaping plan 397
Pikina E.V., ***Chibinev K.N.***, ***Shmat'ko M.E.***, ***Shmat'ko A.E.*** Efficiency of automated incoming outcoming data record system in units of the RF Ministry of Emergency Situations 409
Cherednik P.N. Determination of critical tensions, while maintaining the dimensional stability of the tape during braking of the tubular conveyor 415
Egiev K.M. Information transport and logistics system modeling mountain enterprises functioning 419

Special editions GIAB

Balovtsev S.V., Vorob'eva O.V., Gorin R.Yu. etc. Industrial safety management in mining 21
Minchenko S.S. Methodological issues of perimeter blasting safety enhancement 204
