CONTENT

Mine aerogasdynamics, Mining thermophysics

Kubrin S. S., ***Kharchenko A. V.***, ***Zakharov V. N.*** Determination of sedimentation rate of coal dust depending on its size and form factor 5

Geotechnology

Talanin V. V., ***Bekher V. G.***, ***Dyatlova E. V.*** Detailed modeling of internal structure of coal seams to build operational digital twins of coal fields 20

Geomechanics, Rock failure

Eremenko A. A., ***Eremenko V. A.*** Modeling of the stress-strain state of the rock massif in the vicinity of mining workings in the area of tectonic disruptions..... 32

Pavlova L. D., ***Fryanov V. N.***, ***Efremenko S. V.*** Numerical study of the influence of natural factors variability within the extraction column on the geomechanical parameters of an underground mining face 51

Geoecology

Bogdanova O. V., ***Chernykh E. G.***, ***Merkurieva K. R.***, ***Sizov A. P.***, ***Simonyan V. V.***, ***Smirnov I. N.*** Methodological substantiation of the dynamics of the environment-forming potential of oil and gas-bearing territories 63

Brigida V. S. Causes and estimability of fluctuations in methane emission dynamics in underground borehole..... 77

Dubov N. D., ***Kulikova E. Yu.***, ***Rosenthal O. M.*** Analysis and forecasting of groundwater quality in urbanized Areas: Solutions based on the Teplostanskaya upland (Southwestern Administrative District of Moscow) 87

Pashkevich M. A., ***Kazanina E. V.***, ***Nagornov D. O.*** Phytoremediation efficiency of Chamaenerion angustifolium in technogenically contaminated soils of the Far North..... 109

Mining industrial geology, Mining geophysics

Xalkulova X. K., ***Pirnazarov M. M.***, ***Akhmedova N. M.***, ***Kakharov S. K.***, ***Khodzhaev Kh. S.*** Forecasting the natural water inflow into the kalmakyr quarry by the time of completion of mining works and studying the chemical composition of surface and groundwater 124

Geoinformatics

Bessimbayeva O. G., ***Khmyrova E. N.***, ***Bakhaeva S. P.***, ***Kaltaeva A. A.*** Assessment of change of water level in the Burluk River using digital terrain models 140

Technosphere safety in mining industry

Fedotkin I. O. Influence of measurement setup on precision of operational evaluation of fire parameters in mines 152

Energetics and energy efficiency of mining industry

Petrov V. L., ***Kuznetsov N. M.***, ***Sofronov M. A.*** Analysis of the energy complex of the mining industry of the Krasnoyarsk Territory..... 162

Production organization and management in mining

Shulyatieva L. I. Modeling parameters of road heading under conditions of high-gas coal seams..... 186
