

CONTENT

Geotechnology

Sidorenko A.A., Dmitriyev P.N., Yaroshenko V.V. Integrated justification of technological structure for coal mine	5
Burakov A.M. Metal content control in placer gold mining in Yakutia.....	23

Mine aerogasdynamics, Mining thermophysics

Fainburg G.Z., Isaevich A.G., Zaytsev A.V. Enhancement of ventilation efficiency in blind roadways of potash mines by dust criterion	38
Parshakov O.S., Levin L.Yu., Semin M.A. Thawing of rocks in shaft sinking with artificial ground freezing	51

Theoretical bases of designing of mining-technical systems

Kupriyanov V.V. Theoretical justification of feasibility to reduce information loss in measurement of continuous random variables in the presence of noise	70
Turygina N.A. Adaptability of slot bin to in-situ ore pre-concentration flow chart.....	82

Geomechanics, Rock failure

Adigamov A.E., Yudenkov A.V. Stress-strain behavior model of disturbed rock mass with regard to anisotropy and discontinuities	93
Nguyen Van Minh, Khazhyylai C.V., Umarov A.R., Yanbekov A.M. Effect of main rock mass parameters on initiation of tensile strain zones around openings at a depth greater than 1 km	104
Sergeev V.V., Muzaev I.D., Dmitrak Ju.V., Gerasimenko T.E. Mathematical modeling of oscillations in novel-type vibration mills	114
Tulin P.K., Ochkurov V.I., Shubin A.A., Sotnikov R.O. Fiber-reinforced concrete testing procedure.....	129
Kirienko Y.A. Support system design for shaft junctions in creeping rocks.....	142

Mining industrial geology, Mining geophysics

Maksimov D.A., Dyakov A.Yu. Monitoring of local permeation abnormalities in mine tailings dams using geophysical and visual observation methods	154
--	-----

Geoecology

Kutepov Yu.I., Kutepova N.A., Vasileva A.D., Mukhina A.S. Engineering-geological and ecological concerns in operation and reclamation of high slope dumps at open-pit mines in Kuzbass.....	164
--	-----

Special editions MIAB

Uuriintuya D., Purev B. Productivity study at «Erdenet mining corporation» SOE	92
Oganesyan A.S., Agafonov V.V., Shoyduk Sh.G., etc. Improving technical and economic efficiency of coal mining industries in modern conditions of subsurface use	141
Team of authors Kamchatka-10.....	179

The deposited manuscripts

Miller A.I., Lyakhomskiy A.V. Energy technology analysis of coal industry enterprises.....	22
Shapovalov V.A., Azamatova I.Z., Kunasheva Z.M., Nagoev A.M. Adaptation of hardware systems with autonomous power supply to conditions of operation and monitoring of mining processes.....	128
