CONTENT

Geotechnology

Epshtein S.A., ***Shinkin V.K.*** Quality indices of coals for different directions of use 5

Zakorshmennyi I.M., ***Zakorshmennyi A.I.*** Water ingress events and their elimination in tunnels with high-precision reinforced concrete lining 17

Sidorov V.V., ***Kosolapov A.I.*** Influence of cargo traffic of overburden excavated volume on potential production capacity in open pit mining of inclined coal measures..... 33

Enrichment of minerals

Gzogyan T.N., ***Gzogyan S.R.*** Comparative analysis of volumetric compression test data of unoxidized ferruginous quartzite 43

Safety in emergency

Zlobina T.V., ***Dyagilev R.A.*** Testing of seismic activity prediction method at the Upper Kama Potash Deposit..... 56

Geoecology

Pashkevich M.A., ***Bykova M.V.*** Improvability of measurement accuracy in determining the level of soil contamination with petroleum products..... 67

Geomechanics, Rock failure

Overchenko M.N., ***Tolstunov S.A.***, ***Mozer S.P.***, ***Belin V.A.*** Optimal parameters of process flows in air-decoupling blasting..... 87

Kostenko B.V. Field data analysis in construction of escalator tunnel at Spasskaya Station of the Saint-Petersburg Metro using tunnel boring machine 100

Isheyskiy V.A., ***Martinyskin E.A.***, ***Vasilyev A.S.***, ***Smirnov S.A.*** Selection of data on drilling-and-blasting in creation of databases of machine learning algorithms 116

Mining industrial geology, Mining geophysics

Novikov E.A., ***Klementyev E.A.*** Strength properties analysis of soil after hardening and/or cryogenic thermal reinforcement using the method of thermally stimulated acoustic emission..... 134

Mining machinery

Komissarov A.P., ***Lagunova Yu.A.***, ***Nabiullin R.Sh.***, ***Khoroshavin S.A.*** Digital model of shovel work process 156

Geoinformatics

Deryabin S.A., ***Misineva E.V.*** Hybrid simulation modeling of ecological state of a mining region using a multi-agent approach..... 169
