

CONTENT

Mining industrial geology, Mining geophysics

<i>Kutepov Yu.I., Kutepova N.A., Mukhina A.S., Moseykin V.V.</i> Geological, geotechnical and geocological problems of reclamation of land disturbed by dumping in open pit coal mining in Kuzbass.....	5
<i>Rybnikova L.S., Rybnikov P.A.</i> Hydro-geo-ecological safety of gold extraction from residuum by heap leaching	25
<i>Tajnickij A.A., Stepanov Ju.I., Khristenko L.A., etc.</i> Studies of mineralized process water spreading using electric exploration	39
<i>Dushin V.A.</i> Mineral resource potential of rare and rare-earth metals in the Polar Urals.....	52
<i>Bazhenova E.A.</i> Identification of fault zones within an orebody using a set of geophysical methods	67

Geotechnology

<i>Konyukhov D.S.</i> Interactive control of process variables in double-track tunnel driving between subway stations	84
<i>Glebov I.A., Zhuravlev A.G.</i> Justification of transient process time in transportation system transformation at the bottom of deep open pit mines	95

Geomechanics, Rock failure

<i>Mitkov V.E., Belin V.A., Shishkov P.K.</i> Insensitive and high-powered explosive material development to manufacture cumulative charge cutters.....	108
<i>Yakovlev A.V., Shimkiv E.S., Perekhod T.M.</i> Process borehole drilling using air-percussion drill rigs in open pit mines of EVRAZ KGOK	121

Geocology

<i>Antoninova N.Yu., Usmanov A.I., Sobenin A.V., Gorbunov A.A.</i> Effect of peat-diatomite ameliorant on grass cover persistency in disturbed land reclamation.....	131
--	-----

Enrichment of minerals

<i>Kozin V.Z., Komlev A.S.</i> Mixed-type high-rate sampling in ore processing	142
<i>Pelevin A.E., Sytykh N.A.</i> Efficiency of screens and hydrocyclones in closed-cycle grinding of titanomagnetite ore	154

Labor protection in mining

<i>Kabanov E.I.</i> Allowable occupational injury risk assessment in coal mining industry	167
---	-----
