

CONTENT

Enrichment of minerals

- Morozov V.V., Dvoichenkova G.P., Kovalenko E.G., etc.** Justification of water circulation closing in froth flotation cycle of diamond-bearing kimberlites by mathematical modeling..... 5
- Bocharov V.A., Ignatkina V.A., Abrytin D.V., etc.** Effect of sulfoxide-based modifiers on sulfide mineral floatability and on production data of ore flotation 20
- Razmakhnin K.K., Khatkova A.N., Shumilova L.V.** Hydrochemical modification of zeolite-bearing rocks..... 34

Geotechnology

- Kossovich E.L., Andreeva Y.E., Gavrilova D.I., etc.** Problems of carbon dioxide leakage from geological storage 46
- Sidorova G.P., Manikovskiy P.M.** Prediction of coal quality using block model of a seam: A case-study of Kuti lignite deposit..... 55

Geomechanics, Rock failure

- Tyupin V.N.** Substantiation of ultimate delay time toward reduction in large-scale blasting-induced load in open pit mines 67

Mining industrial geology, Mining geophysics

- Kutepova N.A., Moseykin V.V., Kondakova V.N., etc.** Specificity of properties of coal processing waste regarding their storage 77

Energetics and energy efficiency of mining industry

- Voronin V.A., Nepsha F.S.** Optimizing geometry of capacity units for reactive power compensation in power supply systems in extraction areas in mines 94

INDUSTRIAL AND ENVIRONMENTAL SAFETY

Mine aerogasdynamics, Mining thermophysics

- Zakharov V.N., Trofimov V.A., Shlyapin A.V.** Modeling displacements and stress relief in coal-bearing rock mass..... 109
- Kaledina N.O., Arzhanov I.E.** Improvement of functional structure of methane monitoring in coal mines 128
- Usenbekov M.S., Isabek T.K., Polchin A.I., Zhumabekova A.E.** Methane emission dynamics in mining in zones of geological faults..... 141

Geotechnology

- Kolikov K.S., Phan Tuan Anh, Khusainov R.A., Matniazova G.I.** Impact of borehole design on methane recovery efficiency in hydraulic fracturing 152

Safety in emergency

- Malashkina V.A., Shaportov A.V.** Analysis of fire initiation on belt conveyor in coal mine 166
- Shermatova S.S., Byabasuren Z., Shevchuk S.V., etc.** Estimating geodynamic hazard in mining regions 175
