

CONTENT

Geomechanics, Rock failure

<i>Baryakh A.A., Lomakin I.S., Samodelkina N.A., Tenison L.O.</i> Loading of rib pillars in multiple seam mining at the Upper Kama salt deposit	5
<i>Kovalevsky V.N., Mysin A.V.</i> Performance of tubular elastic charges in natural stone production.....	20
<i>Trofimov V.A., Filippov Yu.A., Zakorshmenniy I.M., etc.</i> Modeling interaction of rock mass and chemically anchored rock bolts to assess their load-bearing capacity in different fixation conditions	35
<i>Cherepetskaya E.B., Bezrukov V.I.</i> Fracture toughness under different temperature effects	49

Geotechnology

<i>Urbaev D.A., Akhpashev B.A., Galaiko A.V., Novikov A.A.</i> Recommendations on selecting optimized blasting supply scenarios in lode gold ore mining.....	59
--	----

Geoecology

<i>Mikov L.S., Schastlivcev E.L., Androkhanov V.A.</i> Reclamation efficiency assessment at Nazarovo open pit mine using remote sensing.....	70
--	----

Mining industrial geology, Mining geophysics

<i>Bosikov I.I., Klyuev R.V., Revazov V.Ch., Piliyeva D.E.</i> Structural and geological features of ore zones in the southeast of the Siberian Platform	84
<i>Nikolenko P.V., Zaitsev M.G.</i> Integrated acoustic and optical logging in adjacent rock mass. Equipment and physical modeling	95

Mining machinery

<i>Yungmeister D.A., Timofeev M.I., Isaev A.I., Gasymov E.E.</i> Improvement of tunnel boring machine S-782 cutter head.....	107
--	-----

Enrichment of minerals

<i>Matveeva T.N., Gromova N.K., Lantsova L.B., Gladysheva O.I.</i> Experimental justification of cyanoethyl dithiocarbamate usability toward enhanced copper and silver recovery from old waste at Solnechny GOK	119
<i>Rasskazova A.V., Sekisov A.G., Burdonov A.E.</i> Activation leaching of difficult primary ore at Malmyzh deposit.....	130

Geoinformatics

<i>Lipnitsky N.A., Ogorodnikov R.G., Ustinova Ya.V.</i> Simulation modeling of underground blending warehouse operation at structurally complex salt deposits.....	142
--	-----

Energetics and energy efficiency of mining industry

<i>Sychev Yu.A., Kostin V.N., Serikov V.A., Aladin M.E.</i> Nonsinusoidal modes in power-supply systems with nonlinear loads and capacitors in mining	159
---	-----
