

CONTENT

Geomechanics, Rock failure

- Protosenya A.G., Veselova A.V., Kotikov D.A.** Assessment of stress concentration in neighborhood of karst voids during ore mining..... 5

Geoecology

- Maksimovich N.G., Khmurchik V.T., Berezina O.A., Demenev A.D.** Migration of microelements in river system in impact zone of acid mine water discharge in the Kizel Coal Basin..... 23

Mining industrial geology, Mining geophysics

- Grib N.N.** Investigation of tectonic faults in coal seams using horizontal directional drilling from temporary roadways 35

Mining machinery

- Ivanov A.G., Gladyshev A.V., Arsentiev Yu.A., etc.** Repair of polymeric flow casing strings in in-situ leach boreholes in permafrost rock mass 51
- Portnyagina V.V., Petrova N.N., Danilov A.A.** Immunity of nitrile butadiene rubber and polytetrafluoroethylene in brines in underground kimberlite mines 63

Geoinformatics

- Anufriev A.S., Lebedik E.A., Bazhin V.Yu.** New approaches to improving efficiency of automated control over ore pretreatment process stages 76

Energetics and energy efficiency of mining industry

- Dmitrieva V.V., Sobyenin A.A., Sizin P.E.** Algorithm of conveyor stopping with preliminary braking of tail pulley 93
- Lijuan Zhang, Ponomarenko T.V., Sidorov D.V.** Clean coal technologies with carbon capture, utilization and storage in China's coal industry 105

Technosphere safety in mining industry

- Korol E.A., Degaev E.N., Koniukhov D.S.** Labor safety in laying of underground utilities 129
- Kulikova E.Yu., Zhukov S.A.** Concept of acceptable risk in operation of subway facilities 140
- Stebeleva O.P., Kashkina L.V., Bayukov O.A., etc.** Applicability of hydrodynamic cavitation treatment of ash materials in sequestration and utilization of CO..... 151
- Umarov F.Y., Nasirov U.F., Zairov Sh.Sh., etc.** Blasting safety and destruction factor control in open pit mines 168
