Geomechanics, Rock failure

- Protosenya A.G., Kumov V.V.** Effect of soil body structure of mixed-type tunnel face on shape and size of subsidence trough on ground surface5
- Vinnikov V.A., Zemlianskii G.S.** Effectiveness analysis of ultra high frequency treatment of pyrite-bearing ore22

Geotechnology

- Valiev N.G.O., Razorenov Yu.I., Golik V.I., Lebzin M.S.** Combination of leaching technologies with conventional ore processing techniques33

Geocology

- Gapparov J., Syrlybekkyzy S., Filin A., etc.** Overview of techniques and methods of processing the waste of stale clinkers of zinc production44
- Khrapai E.S., Kuzina A.A., Kolesnikov S.I., etc.** Heavy metal content of soils at tailings pond after reclamation at Urup Mining and Processing Plant.....56
- Shabanov M.V., Marichev M.S., Minkina T.M., Sokolov A.A.** Oxidation of man-made mineral formations with acid waste water at sulphide-containing waste dumps: A case-study of Karabash agglomeration69

Mining industrial geology, Mining geophysics

- Mohammed Abdalla Elsharif Ibrahim, Kotelnikov A.E., Georgievskiy A.F., etc.** Geochemistry and petrography of skarn mineralization associated with Syrostan massive, Miass region (Southern Ural).....86
- Petrochenkov D.A., Baraboshkin E.Yu., Fedoseev D.G.** Decorative and gem-quality ammonites at a quarry of raw materials for construction in the neighborhood of Artyom city, Primorye104

Mining machinery

- Zyrianov I.V., Iov I.A., Iov A.A., Khramovskikh V.A.** Parametric synthesis of elastic damping devices in digging mechanisms of excavators for open pit mining121
- Turuk Yu.V., Sysoev N.I., Lugantsev B.B., etc.** Justification of rational caving shield angles and canopy paths of displacement in powered roof supports134

Enrichment of minerals

- Algebraistova N.K., Prokopev I.V., Ananenko E.S., Kinyakin A.I.** Technological evaluation of reagent regimes for flotation of gold-bearing antimony ore145

Geoinformatics

- Azarov A.V., Serdyukov A.S., Skazka V.V.** Theoretical investigation of usability of tunnel waves in rock mass monitoring near underground structures155

Production organization and management in mining

- Butko A.O., Kuznetsov P.M.** Management approach to business processes in maintenance and repair of mining equipment168
