Geocology

Timofeeva S.S., Drozdova I.V. Experience of gold phytoextraction from manmade resources 5

Shaikhislam G., Solovov T.M., Epstein S.A., Semina I.S. Estimate of composition and properties of rocks, oxidized coal and ash and slag waste as materials for biological reclamation 21

Geomechanics, Rock failure

Kirienko Yu.A. Influence of heading technology on stress state of support in creepable rocks 38

Mine aerogasdynamics, Mining thermophysics

Shulyupin A.N., Chernev I.I., Varlamova N.N. Inversion of well production capacity curves at Mutnovskoe geothermal deposit..... 49

Mining industrial geology, Mining geophysics

Petrochenkov D.A., Baraboshkin E.Yu., Fedoseev D.G. Septarian stone of ornamental and jewelry quality from a quarry of construction materials at the city of Artyom in the Primorsky Krai 61

Mining machinery

Linnik Yu.N., Linnik V.Yu. Coal cutting by cutter heads with lever-and-impulse drives 78

Plaschinsky V.A., Beloglazov I.I., Akhmerov E.V. The analysis of wear model of working members in ball mills during ore milling 91

Safiullin R.N., Safiullin R.R., Sorokin K.V. Assessment and prediction of technical condition of dump truck life components using the Shewhart control charts 111

Shishlyannikov D.I., Korotkov Yu.G., Ivanchenko A.A., etc. Change in abrasivity of mechanical admixture particles in fluids in deep-well pumping 125

Enrichment of minerals

Phyoe Kyaw Kyaw, Kyaw Zaya Ya, Goryachev B.E. Effect of composition of metal-containing modifiers on flotation of sulfide minerals of nonferrous heavy metals: Analysis and modeling 142

Samusev A.L., Timofeev A.S., Lantsova L.B. Efficiency of preliminary gravity separation of gold-bearing ore from the Malinovka deposit..... 155

Production organization and management in mining

Yannikov A.M., Zyryanov I.V., Korepanov A.Yu. Hydrogeological supervision of kimberlite mining in permafrost zone in Western Yakutia..... 169
