

CONTENT

Technosphere safety in mining industry

- Kornev A.V., Spitsyn A.A., Korshunov G.I.** Enhancement of occupational safety in coal mines with respect to dust factor using hydrogel.....5

Geotechnology

- Zarovnyaev B.N.** Geotechnology framework for transformation of small coal fields in Yakutia.....23
- Cheban A.Yu., Konareva T.G., Litvinova N.M., Qin Y.F.** Justification of adaptive process flow diagram for low-grade mineral resource preparation for heap leaching.....34

Geomechanics, Rock failure

- Gorlov I.V., Mitusov P.E.** Analysis of disintegration efficiency in soft rocks with plastic properties in design of compound assembly for such rock processing.....47
- Skopinov M.V.** Waterproofing of mined-out voids during closure of potentially hazardous sites in potash mines.....59

Geocology

- Maksimovich N.G., Demenev A.D., Khmurchik V.T., Berezina O.A., Mizev A.A.** Manmade minerals in mixing area of river and acid mine water in the Kizel Coal Basin.....72
- Papayan E.E., Baimova S.R., Khasanova R.F., Ilbulova G.R., Somov V.V.** Impact of mining practices on chemical composition of soil cover in the Sibai city area in the Republic of Bashkortostan.....88
- Shabanov M.V., Marichev M.S., Burachevskaya M.V., Minkina T.M., Bauer T.V.** Cadmium and lead in the Soimonov valley soil, Karabash: Mobility, bioavailability and ecological risks.....104

Mining industrial geology, Mining geophysics

- Zueva I.A., Lukina M.D., Rodionov G.N.** Monitoring of seismic events in neighborhood of Kostomuksha city.....121
- Ivanov A.G., Karavaev A.V., Fedorov A.Yu.** Response of seam-borehole and seam-stope systems to industrial blasts.....135

Geoinformatics

- Krayushkin D.V., Kaznacheev P.A., Beloborodov D.E., Ponomarev A.V., Indakov G.S.** Approaches to creation of data bases from lab-scale testing of rocks: Review.....152

Energetics and energy efficiency of mining industry

- Klyuev R.V.** Modeling and optimization of energy intensity of basic flow processes at mines.....170
